

ONBOARD BOX

TOP OF THE BOX DESIGN

— Large Box Size —

Box Parameter: 13.35" x 9.92"

- This area defines the physical edges of the box.

Bleed Area: 0.125"

- Is the rectangular area outside of your design area where we don't want your design to extend into. Staying out of the bleed area will ensure that your design will not come too close to the physical edge of the box.

Safe Area: 13.10" x 9.67"

- Keep all the important bits of your design - text, logo, icons - inside this area. (Not your background - that still needs to run to the edges of the bleed.)

DO

- **Delete the Artwork Guidelines group layers before saving**
- Edit your design file in CMYK or RGB
- Text and Layers? Save your file as a PDF/x-1a

DON'T

- Flatten your layers or image before saving - it'll reduce your print quality
- Add additional bleed or print/crop marks on your files - just save your file to the size of this template
- Save as a multiple page PDF - each design will need to be uploaded individually

Internal Box Wall Parameter: 12.00" x 8.58"

Bleed Area: 0.125"

Safe Area: 11.75" x 8.33"

INSIDE LID DESIGN

— Large Box Size —

Internal Box Wall Parameter: 12.00" x 8.58"

- This area defines the physical edges of the box.

Bleed Area: 0.125"

- Is the rectangular area outside of your design area where we don't want your design to extend into. Staying out of the bleed area will ensure that your design will not come too close to the physical edge of the box.

Safe Area: 11.75" x 8.33"

- Keep all the important bits of your design - text, logo, icons - inside this area. (Not your background - that still needs to run to the edges of the bleed.)

DO

- **Delete the Artwork Guidelines group layers before saving**
- Upload INSIDE LID Design in Black & White since this design will be a monotone debossed stamp
- Edit your design file in CMYK or RGB

DON'T

- Flatten your layers or image before saving - it'll reduce your print quality
- Add additional bleed or print/crop marks on your files - just save your file to the size of this template
- Save as a multiple page PDF - each design will need to be uploaded individually
